Forecast For Wales
Issued by Met Office Exeter
at 1600 on Saturday 06 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Early morning rainfall, snowy in places. Becoming drier but colder.

This Evening and Tonight:
Rain will continue moving southwestwards through the evening and overnight, falling as snow over higher ground and easing through the early hours. Feeling cold with a risk of icy patches, and strengthening winds. Minimum temperature 0 deg C (32 deg F).

Sunday:
Sunny spells and largely dry through Sunday, though northern areas may see an occasional light snow shower. Feeling much colder than recently, with strong winds and significant wind chill. Maximum temperature 4 deg C (39 deg F).

Outlook for Monday to Wednesday:
Sunny spells with occasional snow showers, mainly in northern areas, throughout the period. Feeling very cold, with widespread overnight ice and frost, and strong easterly winds.
